

The screenshot displays the QGIS desktop environment. The main map window shows a satellite view of a landscape with a network of water pipes overlaid in yellow. The pipes are labeled with IDs like 'SB003_1' and 'SB101_1'. The left sidebar contains the 'Layer' panel, which lists the project's layers and their symbology. The right sidebar shows the 'Statistiche' panel for the 'wa_pipe' layer, providing a summary of the selected elements. The bottom panel shows a table of the selected elements, with columns for various attributes including ID, object ID, node IDs, codes, count, date, depth, diameter, and ground elevation.

id	obj_id	from_node	to_node	cod_numb	cod_sif	count	date_inst	depth	diam_nom	diam_nom_2	flag	grnd_elev
1	1 069079_CON_6	NULL	NULL	NULL	NULL	1.000	27/06/2024	140.000	63	NULL	NULL	NULL
2	11 069079_CON_5	NULL	NULL	NULL	NULL	1.000	27/06/2024	140.000	50	NULL	NULL	NULL
